PRODUCT OVERVIEW

Electric strikes are installed inside the door frame. Ideal for wooden or metal doors. Electrically powered from the physical connection to [homeit BOX](#). Opens the door by acting on the existing lock.

[homeit](#) system allows online access to:

- **Property management**
- **Manage/Create and sent digital keys between check-in and check-out dates**
- **Create permanent keys**
- **Remotely openings**
- **Viewing entry logs**

Also allows integration with Airbnb, Booking, Avantio, Google calendar, etc.
