

Product MOTORIZED LOCK

Key features	
Feeding	Electric/wire - 12V
Material	Aluminium & Plastic
Available colours	Grey
Thickness doors	N.A.
RFID Option	No

PRODUCT OVERVIEW

This surface-mounted Motorized Lock is better installed in wooden doors where you can install its rim cylinder. It is electrically powered from the physical connection to **homeit BOX**. Locks automatically when the door closes due to included magnetic sensor. Allows opening through the app, code on the keypad and physical key, in case of need.

homeit system allows online access to:

- **Property management**
- **Manage/Create and sent digital keys between check-in and check-out dates**
- **Create permanent keys**
- **Remotely openings**
- **Viewing entry logs**

Also allows integration with Airbnb, Booking, Avantio, Google calendar, etc.
